PROFESSIONAL SUMMARY

Experienced IT Lead and Full Stack Developer with 5+ years developing web applications, managing development teams, and implementing data-driven solutions. Proven expertise in PHP frameworks (Laravel, CodeIgniter), JavaScript technologies (Node.js, Vue.js, Express.js), .NET, Python, and data analytics tools. Successfully led teams of 8+ developers while delivering 15+ enterprise-level projects for clients including Toyota Motor Manufacturing Indonesia, Kejaksaan Negeri Indonesia, and PT. Solusi Bangun Indonesia.

CORE TECHNICAL SKILLS

Programming Languages & Frameworks

- **PHP:** Laravel, CodeIgniter 3
- **JavaScript:** Node.js, Express.js, jQuery, React, Next.js
- **Microsoft .NET :** Asp.Net , .Net Core, .Net Framework
- **Python:** Data Analysis
- **Go Lang:** Backend Development
- **HTML5, CSS3, JavaScript ES6+**

Database & Analytics

MySQL: Database Design, Optimization

- **MySQL:** Database Design, Optimization
- **SQL Server :** Database Design, Optimization
- **BigQuery:** Data Warehousing, Analytics
- **Tableau:** Business Intelligence, Data Visualization
- **SQL:** Complex Queries, Performance Tuning

Development Tools & Methodologies

- **Version Control:** Git, GitHub
 - **Project Management:** Click Up, Agile/Scrum, Waterfall
 - **API Development:** RESTful APIs, Integration
 - **DevOps:** Server Management, Performance Optimization
-

PROFESSIONAL EXPERIENCE

IT Lead | Amanah Corp | 2022 - Present

- **Team Leadership:** Manage and mentor team of 8 developers and designers, improving project delivery by 30%
- **Project Management:** Bridge communication between project managers and development teams, ensuring 95% on-time delivery
- **System Analysis:** Analyze system specifications and requirements for enterprise-level applications
- **Task Organization:** Implement agile methodologies using ClickUp for project tracking and story management
- **Quality Assurance:** Ensure code quality standards and best practices across all development projects

Key Achievements: - Successfully delivered 10+ enterprise applications for major clients including Toyota Motor Manufacturing Indonesia - Reduced development cycle time by 25% through improved team processes and workflow optimization

Full Stack Developer | Amanah Corp | 2021 - 2022

- **Web Development:** Developed, optimized and maintained websites using HTML5, CSS3, PHP, MySQL, JavaScript, jQuery
- **API Integration:** Implemented various APIs to meet client requirements and enhance application functionality
- **Project Management:** Managed complete project lifecycle from concept to deployment
- **Bug Resolution:** Addressed and resolved complex technical issues, reducing system downtime by 40%
- **Agile Participation:** Participated in weekly meetings, user story analysis, and sprint planning sessions
- **Module Development:** Implemented and updated application modules under Project Manager direction

Key Achievements: - Delivered 8+ web applications with 99.9% uptime performance - Reduced bug resolution time by 50% through systematic debugging approaches

Full Stack Developer | KSPPS Nurinsani | 2019 - 2021

- **Web Application Development:** Designed and developed user-friendly websites with focus on UX/UI best practices
- **System Maintenance:** Maintained existing systems while implementing new features and improvements
- **Data Warehouse Development:** Created comprehensive data warehouse solutions for strategic business analysis
- **Financial Application Development:** Built financial applications for automated bookkeeping and accounting
- **Server Management:** Ensured optimal server performance and system reliability
- **Requirements Analysis:** Collaborated with stakeholders to ensure development meets user requirements

Key Achievements: - Developed POS system with accounting integration, improving transaction processing speed by 60% - Created data warehouse system that provided real-time business insights for strategic decision making

KEY PROJECTS

Enterprise Applications

Kejaksanaan Negeri Indonesia (Laravel) - Developed attendance and financial management system for Indonesia's Attorney General Office - Implemented secure authentication and role-based access control - Technologies: Laravel, MySQL, JavaScript

Toyota Motor Manufacturing Indonesia - Multiple Systems (.NET & Laravel) - GnH (Gift and Hospitality): Transaction and reporting system - **Essa (HR Portal):** Employee Self Service Application - **Orient:** Driver Health Reporting and Monitoring System - Technologies: .NET Framework, Laravel, MySQL, JavaScript

PT. Solusi Bangun Indonesia Projects - CIMS: Electronic document approval application with workflow management - **LINDA (Quarry Monitoring System):** Real-time monitoring and reporting system - Technologies: Laravel, Vue.js, MySQL

SaaS & Commercial Applications

BOST - CV. Bintang Express (Laravel) - Software-as-a-Service platform for cargo management - Implemented comprehensive logistics tracking and management features - Technologies: Laravel, MySQL, RESTful APIs

Performate.id (Laravel) - Employee performance monitoring and measurement platform - Real-time analytics and reporting dashboard - Technologies: Laravel, MySQL, JavaScript, Chart.js

EDUCATION

Bachelor's Degree in Statistics | Terbuka University | 2021 - 2025

- **Relevant Coursework:** Statistical Analysis, Data Science, Business Analytics

Diploma in Network Engineering | BSI University | 2015 - 2018

- **Technical Skills:** Computer Network Installation, Operating System Installation, Hardware Troubleshooting
 - **Relevant Coursework:** Network Security, System Administration, Database Management
-

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Technical Certifications

- **Computer Professional Certification Institute** - ID: 5820025134000251412019I
 - **Project Data Analysis for Retail: Sales Performance Report** - DQLAB (2022)
 - **Data Analysis for E-Commerce** - DQLAB (2022)

 - **Statistics using R for Data Science** - DQLAB (2022)
-

TECHNICAL ACHIEVEMENTS

- **15+ Enterprise Applications** delivered across various industries
 - **5+ Years** of full-stack development experience
 - **Team Leadership** experience managing 8+ developers
 - **99.9% System Uptime** maintained across production applications
 - **Multi-Industry Experience:** Finance, Government, Automotive, Logistics, Real Estate
